

Neiman Reed Offers Great Employment Opportunities:

We're looking to expand our trading staff by finding the right individual(s) with sales experience in our trade or perhaps a qualified candidate who is eager to join our dynamic industry. As our website indicates, we cater mostly to industrial manufacturing and retail yard accounts. With one of the largest inventories in the industry, our salespeople that have joined us from other companies find their sales doubling or tripling in a short period of time. Our unique inventory includes pine commons, selects and industrials, dry dimension, DF uppers, panels and hardwoods. Compensation package is excellent with open territories.

Please contact Ed Langley @ (818) 909-3473. Resume can be faxed confidentially to (818) 781-2825 or by email to elangley@neimanreed.com.
